SQL

HTML

## EDUCATION

**B.S. COMPUTER SCIENCE**

University of Denver 2018

## PROFILE INFO

Passionate programmer with an eye for continuous growth. As a data analyst, meshed equity mindset and interest in new programs to improve efficiency and quality of analyses for DSST public schools. Looking to use my programming skills to help enhance future programs.

## WORK EXPERIENCE

**DATA ANALYST 2019 - 2022**

**DENVER SCHOOL OF SCIENCE AND TECHNOLOGY**

- Systematized quarterly curving analysis, resulting in 70% faster turnaround and increased teacher input.
- Spearheaded new analysis with stakeholders in different departments resulting in new network goal.
- Provided diverse analyses throughout network.

**APP DESIGNER 2017-2018**

**FLYER SCHOOLS APP DESIGN**

- Designed and maintained 30+ apps on Biznessapps.
- Created methodology for app creation and maintenance, allowing for fast onboarding to startup.

**STUDENT ASSISTANT 2015-2018**

**VOLUNTEERS IN PARTNERSHIP AT DU**

- Assisted public school students in applications, financial aid, and college advice based in data.
- Volunteered for summer 'camp' program in 2016&2017.

## SPECIAL INTERESTS
