BREEZE COVARRUBIAS

PROGRAMMER & ANALYST

VISION STATEMENT

Fueled by a passion for continuous growth, I aspire to leverage my programming skills and equity mindset to pioneer innovative solutions and drive positive impact in future projects.

WORK EXPERIENCE

DATA ANALYST   2019 - 2022
DENVER SCHOOL OF SCIENCE AND TECHNOLOGY

- Optimized project schedules through workflow automation and scripting in Python and R.
- Utilized Excel, R, and Polaris to deliver comprehensive analyses to various levels of leadership.
- Spearheaded cross-functional analysis, emphasizing the identification and analysis of underreported data until company goal alignment.

APP DESIGNER   2017-2018
FLYER SCHOOLS APP DESIGN

- Developed and designed over 30 apps using Biznessapps platform.
- Maintained apps on both Android and iOS platforms.
- Created comprehensive documentation for app creation and debugging methodologies.

STUDENT ASSISTANT 2015-2018
VOLUNTEERS IN PARTNERSHIP AT DU

- Conducted data analysis to provide support to first-generation students.
- Actively volunteered in schools in support of educational programs and initiatives.
