# BREEZE COVARRUBIAS

COMPUTER PROGRAMMER

## VISION STATEMENT

Passionate programmer with an eye for continuous growth. Looking to use my programming skills and equity mindset to enhance future projects and programs.

## WORK EXPERIENCE

### DATA ANALYST   2019 - 2022
### DENVER SCHOOL OF SCIENCE AND TECHNOLOGY

- Systematized quarterly analysis using Python and R, significantly advancing project schedule.
- Provided diverse analyses to different levels of leadership using Excel, R, and Polaris.
- Spearheaded a cross-functional team analysis and supported project until company prioritized resulting goal.

### APP DESIGNER   2017-2018
### FLYER SCHOOLS APP DESIGN

- Designed 30+ apps on Biznessapps.
- Maintained apps on both Android and iOS.
- Documented methodology for app creation and debugging for budding startup company.

### STUDENT ASSISTANT 2015-2018
### VOLUNTEERS IN PARTNERSHIP AT DU

- Sourced and utilized data to assist first-gen students.
- Frequently volunteered through program in support of educational programs and initiatives.
